Moving the Goalposts Kilifi

Kenya

Developing life skills and increasing HIV awareness in vulnerable girls and women

Moving the Goalposts Kilifi (MTGK) uses the power of football to promote athleticism and leadership among young women and girls, and to inform them about anti-discrimination, children's rights, education, health and other social issues. All activities are organised by the girls themselves and follow the principles of 'peer education'. *MTGK's* aim is to help empower young women to break out of the cycle of poverty. At present *MTGK* works with over 3,000 players in Kilifi, one of the most rural and disadvantaged communities in Kenya.

MTGK offers a range of programmes, including the 'Football, Leadership and Lifeskills Project' and the 'Coach the Coach' programme. Other projects address issues such as reproductive health and provide young women with the skills they need to set up and run their own small businesses.
